

ANNUAL INDEX

The Logistics and Transportation Review
Volume 11 - 1975

Braem, Trevor and Dean Uyeno, <i>A Simulation Model of Tanker Traffic and Collision Potential in Rosario Strait</i>	85
Campbell, Thomas C., <i>Transporting Western Coal: Unit Train or Slurry Pipeline</i>	147
Corsi, Thomas M., <i>CAB Behavior in Airline Merger Cases</i>	229
Doryland, C.J., <i>Some Energy Considerations in the Design of Logistics Systems</i>	115
Due, John F., <i>Light Density Railroad Lines and Inadequate Railroad Earnings - Some Alternatives</i>	267
Evans, Martin G., <i>Variable Hours of Work and Their Impact on Commuter Travel Patterns in Toronto</i>	95
Gilbert, Jerome, Nei-Ching Sun and Michael Bunamo, <i>A Planning Mode for International Air Freight</i>	165
Helliwell, John and John Lester, <i>A New Approach to Price Setting for Regulated Pipelines</i>	320
Jayawickrama, S.S. and S. Pararajasingham, <i>The Assessment of Port Congestion Surcharges in Ocean Freight Rates</i>	309
Keast, Tom G., <i>Policy Issues: The Canadian Merchant Marine</i>	249
Lieb, Robert C., <i>Relaxing Motor Carrier Regulation - The Massachusettes Attempt</i>	193
Maister, David H., <i>The Owner Operator's Role in U.S. Freight Transportation</i>	31
Martland, Carl D., <i>Guidelines for Improving Railroad Reliability</i>	49
McLaren, Bruce J., <i>A Comparison of Heuristic Approaches to Locating a Fixed Number of Facilities</i>	348
Nilles, Jack M. and Paul Gray, <i>Telecommuting - A Possible Transport Substitute</i>	185
Olson, Richard E. and Danny E. Harriss, <i>International Intermodal Transport - Development and Impediments</i>	61
O'Neil, Brian F. and D. Clay Whybark, <i>The Multiple-Vehicle Routing Problem</i>	153
Poist, Richard R. and Joseph G. Mattingly, <i>Application of Quantitative Techniques in PDM: A Status Report</i>	338
Pustay, Michael, <i>Regional Rail Reorganization and the Northeast Rail Problem</i>	213

Roer, Paul O., <i>Some Implications of Altering the Balance Between Public Transit and Highway Capacities in Urban Areas</i>	283
Sargious, Michael and J.J. Salinas, <i>Selection of Urban Transit Systems in Cities with Less Than 500,000 Population</i>	219
Sletmo, Gunnar K., <i>Air Freight Forecasting and Pricing</i>	7
Soliman, A.H. and S.C. Sharma, <i>Important Considerations in Planning</i>	101
Stephenson, Frederick J., <i>The Right of Domestic Air Freight Forwarders to Charter Aircraft</i>	177
Walters, Alan A., <i>Marginal Cost Pricing in Ports</i>	299
Young, Jonathan D., <i>Complex Cubic Splines</i>	358
